About HempWell

Founded in 2017, HempWell Limited has been at the forefront of the UK CBD industry for nearly 5 years. Based out of the Innovation Centre at York Science Park, we believe that we are one of the only UK companies to provide a complete range of seed to shelf, premium traceable CBD products.

- k Organically grown CBD-rich plants
- k GMP/HACCP extracted products
- k World class production facilities at York Science Park
- k British Standards Institute member
- k European Industrial Hemp Association and Novel Foods Consortium member
- k 5-Star product reviews on Google and JudgeMe
- k Products made in the UK
- k Full third-party independent laboratory analysis available

4

Cultivation

HempWell's sister company in Bulgaria plants 200 hectares of organically grown CBD-rich hemp annually. It produces both CBD-rich biomass and premium extracted products such as CBD isolate and CBD broad spectrum distillate which are extracted at a HCCAP, CMP certified facility in Europe. Shipped to York Science Park, we use these extracted raw materials in our HempWell products.

Administration

HempWell's offices are based out of the world class facilities at York Science Park, part of the University of York Campus. Located at the Innovation Centre, we have our administration and sales offices here as well as managing order fulfilment. With meeting rooms and a café, we welcome visits from all our current and future wholesale customers.

Production

Using our organically grown, GMP extracted isolate and broad-spectrum distillate, HempWell manufacture a range of food supplements and cosmetic products. Based out of the laboratory units at York Science Park, our cutting-edge production facility follows Good Manufacturing Practice and is HACCP certified.

Retail

As both an online and physical retailer, HempWell understands the additional point of sale and digital promotional material required to launch and maintain a successful range of products. We can supply wholesalers with a large variety of promotional materials, including product leaflets, posters, POS boxes and displays and digital social media collaterals.

FOOD SUPPLEMENTS & EDIBLES

6

PURE CBD OIL

The most popular of the HempWell products, our **CBD OIL TINCTURES** are made with our 99%+ CBD isolate, MCT oil and Hemp Seed oil with zero THC guaranteed.

Safe, affordable, with a very smooth pleasant taste, our CBD oil tinctures are easy to use, easy to dose, fully legal and can be taken day or night.

Our unique blend of MCT (Coconut) oil and hemp seed oil provides all the bioavailability benefits of MCT (medium chain triglycerides) plus the benefits of hemp seed oil, widely considered a 'superfood' due to all the essential acids it contains.

BROAD SPECTRUM CBD OIL

Our **BROAD SPECTRUM CBD OIL TINCTURES** are made from our GMP Broad spectrum CBD distillate, with 0% THC guaranteed. The broad spectrum product contains a rich mix of cannabinoids and terpenes with a pleasant earthy hemp taste. Safe, affordable, easy to use and legal, each CBD tincture contains 30 servings and can be taken day or night.

While CBD isolate contains just pure CBD and no other compounds from the hemp or cannabis sativa plant, broad-spectrum CBD contains all the compounds from the hemp plant but has the THC removed.

Broad spectrum products may produce heightened effects because they contain additional natural hemp compounds that work together. This is known as the 'entourage effect.'

GRADUATED PIPETTE

We are one of the few companies to use a graduated pipette in our CBD oil tinctures. This allows very simple and precise dosing by customers.

ALL our CBD oils are in 30ml bottles.

Gummies & Chocolate Truffles

GUMMIES

Our vegan friendly GUMMIES are one of the easiest and most delicious ways to take CBD. Easy to dose (no measuring or droppers necessary), portable, discreet and tasty. Each jar contains 30 strawberry, lemon and lime gummies. THC free, vegan friendly, sugar-coated, chewy, fruity, sweet and juicy gummies with either 10mg or 25mg of broad spectrum CBD per gummy.

CHOCOLATE TRUFFLES

These mouth-watering CBD CHOCOLATE TRUFFLES are handmade in York, the home of British chocolate. Each generously-sized, decadent truffle is infused with 20mg CBD per piece.

Beautifully packaged in a gift box, these indulgent chocolates make a perfect gift for any occasion.

Shelf Life:

Our Chocolate Truffles are freshly made by hand using real chocolate, fresh cream and natural ingredients so that they can be enjoyed at their best within 6 weeks of being made.

COSMETICS

We live and breathe organic skincare, making our own brand of unique, high quality CBD based cosmetic products here in York. Our superior raw ingredients, essential oils, organic CBD and cosmetic packaging are second to none, so you can be sure you are getting a premium cosmetic product.

Pain Relief Creams

MUSCLE + JOINT RELIEF

HempWell's **DEEP RELIEF Muscle and Joint SKIN CREAM** is one of the best selling topical creams on the market, it delivers an instant cooling effect on the skin, easing sore muscles, back pain and stiff joints.

With 500mg or 1000mg CBD options, this is a light, creamy lotion with is easily applied with our airless pump dispensers.

A fresh menthol aroma, the fast absorption targets the affected area quickly.

Our range of cosmetics are designed to make CBD pain relief as accessible as possible – for instance our **ROLL ON COOLING RELIEF GEL** makes application much easier.

By combining our organically grown CBD with other world-class ingredients, we are able to offer the highest quality of natural pain relief. Our **MUSCLE BALM** formulation, a homage to the celebrated Tiger Balm, provides fast-acting and powerful pain relief while still remaining fully organic and vegan friendly.

Face Care

REVIVE + RESCUE

The **REVIVE AND RESCUE FACE CREAM** is blended with 300mg of organic CBD to help nourish and soothe the skin. Perfect for skin prone to dryness and redness.

This velvety cream can be used night and day and is a valuable addition to your everyday skincare routine in an easy to use 50ml pump bottle.

HYDRATE + NOURISH

The **HYDRATE AND NOURISH FACE CREAM** is blended with 500mg of organic CBD and vitamin E to help nourish and soothe skin.

A super creamy, non greasy CBD face cream, this cream is perfect for people with sensitive or dry skin.

Fragrance free so it's ultra kind to skin, moisturises, soothes and heals.

ANTI-AGEING DAY CREAM

Our **ANTI-AGEING CBD Day Cream Base** is completely paraben-free, a soft, smooth day cream that will protect, restore and replenish what the environment takes out of your skin, without taking anything out of the environment!

Cryptocodium Cohnii Extract is a revolutionary ingredient that activates the specific oxidant and toxin cleansing power of glutathione in the skin to slow down the rate of the ageing process from within the cell.

Tea & Coffee

TEA & COFFEE

CBD tea and coffee are gaining popularity as great alternatives to traditional beverages due to their unique qualities. CBD, or cannabidiol, is a non-intoxicating compound derived from the cannabis plant.

These infused beverages offer a blend of the therapeutic benefits of CBD with the comforting ritual of enjoying a warm cup of tea or coffee.

CBD tea is known for its soothing properties, promoting relaxation and a sense of calm.

CBD coffee, on the other hand, combines the energy-boosting effects of caffeine with the potential mood-enhancing and anxiety-reducing qualities of CBD, creating a balanced and invigorating experience.

CBD Vape

CBD Vape

Vaping CBD has a higher bioavailability, meaning more CBD gets into the bloodstream and the effects occur quicker. All of our CBD Vape E-Liquid is produced at our state-of-the-art facility in York Science Park, allowing us to offer the highest quality. Our E-Liquids also use CBD from our organic hemp, grown from EU certified seeds.

Our E-Liquids come in a 30ml bottle and are available in two strengths and two flavours, so there's something for everyone.
